April 19, 2014

Last week you may or may not have heard Michael Rood rant on about the Blood Moons. That was on Thursday, and on Friday night Keith Johnson gave a much calmer explanation of the Blood Moon. So by now all of you have had the opportunity to watch the *first* blood moon come and go on April 15th. If you did, then you must have noticed that it was *not* canceled as Michael Rood claimed it would be nor was the hype over them “eclipsed” by Keith Johnson’s critique. All still arrived on schedule, just as Yehovah had planned.

It was just a few weeks ago that we presented our position on these blood moons. You can read about them at this link:

Again we tell you, there is *much* more information that you are not being told by any of these teachers. Those suggesting the Messiah is about to return after 2017 are doing so based on their notions concerning the Daniel Timeline lie. This theory fell into the pit of false teachings once and for all after the UN-biblical day of Purim came and went in 2014. According to those who promoted the Daniel Timeline lie, this timeline *had* to begin on Purim 2014 in order for the 2300 days to even *begin* to work out. Obviously, that did not happen. Thus, we have yet another failure to predict the “end times” attempting to use a timetable that ignores Yehovah’s method of reckoning time: His Sabbatical and Jubilee Years!

But there are those who are using the blood moons to promote the belief that the *rapture* is about to happen. And those people, despite not keeping the Torah, the weekly Sabbath, the Holy Days nor the Sabbatical years, believe they are about to be “raptured out of here”, before all the Jews get wiped out along with the rest of us who do not believe in the “rapture.” I can say with all the knowledge and understanding I have gained in studying the Sabbatical Years that these folks are greatly deceived, and it is not the Jews who are about to get wiped out but the Christians.

Mark Biltz, John Hagee, Michael Rood (and his rant) along with Keith Johnson have all explained these events of the 4 blood moons by trying to make them revolve around the *Joel Prophecy*, either in favor of it or opposed to it. But *not one* has considered what the blood moons truly mean! *None* have taken into consideration just **WHO** they are for! Ignorance of who Israel is today is rampant and it is that ignorance that will get many believers killed. Yes, that is right – believers will be **killed**. They will be killed because they did not heed the warning – they did not keep the 4th commandment! Despite the Bible telling us that *those who say they love Yehovah and do not keep the commandments are liars*.

1 John 2:4 He that saith, I know him, and keepeth not his commandments, is a liar, and the truth is not in him.

How are they not keeping the commandments?

If they are Christian, they do not keep the Sabbath. If they are SDA, they do not and will not keep the Holy Days of Lev 23. If they are Messianic, they will add to those Holy Days days not found in Lev 23 and they will not keep the Sabbatical Years. By breaking one or all three of these Holy Appointments with Yehovah, you are sinning. And we are told in the very last verse of the Old Testament that:

Mal 4:6 And he shall turn the heart of the fathers to the sons, and the heart of the sons to their fathers, that I not come and strike the earth *with* utter destruction.

Because the world has not turned back to the Father by keeping the weekly Sabbath, the Holy Days of Lev 23 and the Sabbatical Years, the next one being 2016, then the curses have already been released by the Father. We have been telling you this since 2005. We have told you how there are five of them and they are found in Lev 26. The first three have already begun throughout the world. The next curse is the curse of the **sword!** After that comes the curse of **captivity! Both of these** will begin in 2017 and 2024, respectively.

Peter says:

1Pe 4:17 For the time *has come* for the judgment to begin from the house of God.

Judgment comes to Israel first – Israel, all 12 tribes – not just the one tribe in the State of Israel today (primarily Judah, but includes some of Benjamin and some of the Levites as well). This is what both Michael Rood and Keith Johnson do not seem to understand. All of these blood moons, as I show you, *occur over the 12 tribes of Israel*. However, you need to know where

those 12 tribes are today. I explain this in great detail in the video teaching which you can watch for free [at our media tab](#). Watch it and then tell these teachers that do not understand. Your letters and emails to them do make a difference! So, once you understand, please write them and let them know.

We believe that these blood moons are our final warning, brethren. They are the 12 tribes of Israel's *last warning* before the 4th curse of Lev 26 is released. Our *last warning* before the curse of the Sword which will be coupled with rape, murder, torture, starvation and cannibalism epidemics! Every horror you can imagine, and then some, will take hold in our great countries.

Do not be *lulled to sleep* by those who say these blood moons mean nothing. Do not be *deceived* by those who say the Messiah is about to come. Read our article about the 6 Blood Moons and then begin to learn about the Sabbatical Cycles. Your life as well as the lives of your children, your spouse, your grandchildren – virtually anyone you know and do not want to see destroyed – depends on your obedience to Yehovah by obeying all of the Sabbaths. That includes keeping the next Sabbatical year in 2016, along with the Holy Days and weekly Sabbaths. Yes, these blood moon warnings are important. Now prove it for yourself and do not let any one steal your crown.

Earth Day:

This year, "Earth Day" falls on Tuesday April 22, 2014 which will also be the day after the last day of Unleavened Bread. Earth Day will be marked by communities and cities around the world, with people going out and picking up garbage, planting a tree or perhaps even reinstating a park or riverside area with natural plants. Whole families get involved and make it a family-day affair. Schools have children color earth day pictures of Gaia and include "savethe-earth-focused" events. But do you, **do they** understand what is really going on here? Why is the *UN* behind this event around the world? Why do we have the *Kyoto Accord* and *Agenda 21* as well as the *United Nations Environmental Program* and the many, many other things that have spun out of this program from the UN? Do you know and understand how the "gay agenda" ties into all of this?

I would encourage all of you to, once again, (if you have not already done so) watch our twopart video on the [Great Enlightenment of Mankind](#). You can find it on our media tab.

In this video teaching we show you where the *Environmental Movement* came from and how it manifested from the [Stockholm meeting in 1972](#). We show you how this is, in fact, the "**covenant made with many**" we read about in Daniel 9:27. We also show you how this is tied directly into the Sabbatical and Jubilee Cycles and why the year **2020** continues to show up in the middle of this Jubilee cycle.

We must warn you: **do not worship at the tree of good and evil**. It appears to be a good tree with what would appear to be good fruit. It's name is *Gaia*, and she is also known as *Mother Earth* and the *Mother of all living*. Some also call her *Mother Nature*. Another name for this

tree is “Easter;” a “holiday” which some of you reading this just took part in. Brethren, this is not going to turn out well for those who are worshiping and eating the fruit of this tree, even though the fruit of this false god *looks* so good! It is just that! It is still a *false god* and it has been here since the Garden of Eden. Watch the video and share them with those you love.
